Mobile: 7451815040

PROFILE

Computer Science & Engineering student and aspiring software developer with a strong interest in programming, problem solving, web development, databases, AI, cybersecurity, and practical engineering projects. Focused on continuous learning and building useful, real-world solutions.

TECHNICAL SKILLS

Programming:	Python, C, C++
Web:	HTML, CSS, JavaScript
Database:	MySQL
Tools / Technologies:	Git, GitHub, AI, Cybersecurity, IoT
Soft Skills:	Logical Thinking, Focused & Dedicated, Self-Motivated, Problem Solving, Communication, Teamwork, Adaptability

PROJECTS

Modern Safety Device with Exact Location | IoT / Hardware Project

- Designed a smart safety concept for emergencies that can provide alerts along with the user's exact location.
- Focused on location tracking, rapid emergency communication, and practical safety-oriented technology.
- Combines hardware-based problem solving with real-world application.

Code Bug Finder | Software Project

- Developed a concept for identifying common coding errors to support debugging and problem-solving efficiency.
- Focused on code analysis, error detection, and useful feedback for programmers.

LEARNING & TRAINING

- Built a foundation in Python, C and C++; practised Data Structures and Algorithms.
- Explored web development, MySQL, Git & GitHub, cybersecurity concepts, AI tools, and IoT.
- Currently expanding knowledge through Introduction to Large Language Models.

CERTIFICATIONS

Python Certification • Cybersecurity Certification • Artificial Intelligence Certification

EDUCATION

Lovely Professional University	Punjab
Bachelor of Technology – Computer Science & Engineering	2025 – 2029
Class XII	
TS Board	
Class X	
ICSE Board	

ACHIEVEMENTS & STRENGTHS

Consistent academic performance • Technical event participation • Team project contributor • Hardware and software project development • AI exploration • Logical Thinker • Focused & Dedicated • Self-Motivated • Problem Solver • Continuous Learning

CAREER OBJECTIVE

To become a skilled software developer and build innovative, reliable solutions that create real-world impact. Committed to improving every day, strengthening technical skills, collaborating with others, and turning ideas into useful projects.
